CB Auto Actions

Perform actions at various Community Builder triggers.

Type	Community Builder Plugin
Version	8.1.0+build.2021.06.09.16.25.40.5647e84cc
Date	2021-06-09
	Installed

CB Activity

Displays CB Activity as a module.

Type	Joomla Module
------	---------------

Version	5.0.0+build.2021.06.08.13.15.13.16abcc946
Date	2021-06-08
Installed	

System - CB Auto Actions

This plugin allows CB Auto Actions to act on Joomla events by routing Joomla events to Community Builder events. All Joomla events are prefixed with joomla_ (e.g. joomla_onContentPrepare). Note all this plugin does is ensure CB Auto Actions has been loaded on every page to allow for event binding.

Type	Joomla Plugin
Version	8.1.0+build.2021.06.09.16.25.40.5647e84cc
Date	2021-06-09
Installed	

Content - CB Activity

This plugin allows CB Activity streams to be displayed within content items using Community Builder substitutions or commenting for Joomla articles.

Type	Joomla Plugin
Version	5.0.0+build.2021.06.08.13.15.13.16abcc946
Date	2021-06-08
