Current Setting		Explanation
Name Style	Single Name Field	The name style details how you want to capture the name field in Joomla/Mambo.
Name Format	Name Only	Choose which format you would like the Name/Username fields to be displayed.
Date Format	yyyy-mm-dd	Choose which date format you would like your date fields to be displayed in.
Calendar Type	Drop-down (+popup) calendar	Choose which calendar you would like to use for dates selection.
Email Handling	Display Link to Email Form	NOTE: This setting only applies to the user's primary email address.  Setting for Send-to-User Email forms: Sender formatting: Choose between: 1. "From:" User Email Address (no "Reply-To:" field);

But now I have firstname and lastname unpublished.... I would prefer to have them published as well. As we are dealing with an international community, users are often confused on how to call colleagues. Is it still possible to publish them under the profile?

Search:

#	<input type="checkbox"/>	Name	Title	Type	Tab	Required?	Profile?	Registration?	Searchable?	Published?	Re-Order	
1	<input type="checkbox"/>	name	Name	predefined	Contact Info	✓	✓(1 Line)	✗	✓	✓	▼	-51
2	<input type="checkbox"/>	firstname	First Name	predefined	Contact Info	✓	✓(1 Line)	✓	✓	✗	▲ ▼	-50
3	<input type="checkbox"/>	middlename	Middle Name	predefined	Contact Info	✗	✓(1 Line)	✓	✗	✗	▲ ▼	-49
4	<input type="checkbox"/>	lastname	Last Name	predefined	Contact Info	✓	✓(1 Line)	✓	✓	✗	▲ ▼	-48
5	<input type="checkbox"/>	username	Username	predefined	Contact Info	✓	✗	✓	✗	✓	▲	-46
6	<input type="checkbox"/>	formatname	Published Name	formatname	Background	✓	✓(1 Line)	✗	✗	✓		5

Display #    
 << Start < Prev 1 Next > End >> Results 1 - 6 of total 6
