P Srinu

You at 20:24, May 11:

which mysql version do you provide with shared hosting

You at 20:25, May 11:

and I would like to see demo version of cPanel

P Srinu at 20:26, May 11:

yes you will get MySQL 5.5.51 version

P Srinu at 20:27, May 11:

Really sorry unfortunately we don't have demo version of cPanel

You at 20:27, May 11:

just give me one min

P Srinu at 20:27, May 11:

Okay sure

You at 20:29, May 11:

do you provide 5.7 or higher

P Srinu at 20:31, May 11:

if you are looking 5.7 or higher you need to go wit the Virtual Private Server plan

You at 20:33, May 11:

ohh thank you..

P Srinu at 20:33, May 11:

N

Hello Dhananjay, My name is Nishmitha and I am happy to help you. How are you today?

I am looking for shared hosting which mysql version do you provide with shared hosing.

D

N

One moment please

ok np

D

N

Thank you  
MySQL version on shared hosting is 5.6.

if I want a higher version?

D

N

You need to go for VPS
